USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR KARNES COUNTY

KARNES, TEXAS, August 23, 2004 – USDA Rural Development, State Director, Bryan Daniel, announced today that Karnes County, received a \$322,250 Community Facilities loan and grant. USDA Rural Development is charged with assisting rural communities by administering programs targeted to strengthening the economy and infrastructure of rural areas.

“USDA Rural Development’s Community Facilities program helps rural communities keep pace with the needs of their rising populations,” said Daniel. “Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents.”

The funds will be used to renovate the County Annex Building. The proposed improvements to the facility will allow for the consolidation of several public and emergency service agencies, and for the reduction of facility costs for the county. Population served by the project is approximately 15,446.

In Fiscal Year 2003, a total of \$15.2 million in direct and guaranteed loans were obligated. Community Facilities loan funds may be used to construct, enlarge, or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, jaws of life, early warning systems, community centers, libraries, day care centers, and schools.

For more information regarding USDA Rural Development programs, contact the Seguin Local Office at 830-372-1043, Ext. 4.

#

USDA Rural Development was created in 1994 and includes Business Programs, Housing Programs, and Community Programs. Its mission is to use the resources of USDA to provide an improved quality of life for the nation’s rural residents.
